# CHENA LAKE Recreation Area

Chena Lake Recreation Area is a 2,178 acre park located east of North Pole. The park offers multiple outdoor activities including, camping, boating, swimming, hiking and fishing in the summer and skiing, walking, snowshoeing, snow-machining, ice fishing, aurora viewing and photography in the winter.

Managed by the FNSB Parks and Recreation Department in conjunction with the Army Corps of Engineers, the park consists of two distinct sections, The Lake Park and The River Park. The Lake Park features 51 campsites (summer use only), including 6 sites located on an island only accessible by non-motorized boat. 259 acre Chena Lake has a sand swimming beach, two pavilions, a boat rental station and a handicap accessible fishing dock. The River Park is a more secluded area with two different camping area (summer use only), a pavilion, hiking and skiing trails and boat access to the Chena River.
